

BIOCLEAN Biodegradable cleaner for tile, granite & marble (polished or honed) and their grout

PROPERTIES

Biodegradable cleaner, free of any ammonia, phosphates and petroleum derivatives.

Friendly to human and the environment, per the European directive EC 648/2004. The specific directive governs the composition of detergents with respect to their biodegradability. It does not irritate hands and it is not a health problem if inhaled during use. Its cleaning action does not affect any surfaces from tiles (pic. 1), **polished or honed marble** (pic. 2), even when used on a daily bases.

Thoroughly cleans stains created over time within grouting, allowing grouts to recover their original color without deterioration.

APPLICATIONS

Just by spraying BIOCLEAN, and allowing for it to act for a few minutes, remove stains from wine, soft drinks and soda, as well as blood and permanent markers, pet stains etc.

Not recommended for cleaning residues from grouting materials and tile adhesives.

Removes accumulated air pollutants from building facades lined with marble and decorative natural or artificial bricks.

Indispensable for residences, public and professional facilities, restaurants, hotels, hospitals, public restrooms etc.

USE

Spray the tile grout and allow 5-10 minutes to pass. Scrub the surface using a stiff brush, a stiff broom or a sponge (pic.1).

Rinse thoroughly to reveal an impressive result that shines all surfaces, sanitary fixtures and stainless sinks.

The use of BIOCLEAN is harmless and there is no need for ventilation of the area when applied.

It can be used in combination with a cleaning machine, a professional or a residential one.

TECHNICAL SPECIFICATIONS

Form	Liquid - Mild cleaner
Density	1.00 ± 0.05 kg/lit
Scent	Long lasting fresh type scent
Flammable	No
Does not release vapours	
Contains	Non-ionic surfactants are less than 5% Anionic surfactants are less than 5%
User and environment friendly	

General Chemical State Laboratory Reg. No. 11297/0/2007

Permit No. by General Chemical State Laboratory ELEFSIS: 3093/2008

The product has been officially examined and certified by the following German institutes:

- FRESenius Institute
- BREGAU Institute for applied environmental technology

ADVANTAGE

The only cleaner that is suitable for daily use on polished marble surfaces.

CONSUMPTION

1lt/12-14m² of surface.

STORAGE

Store in places protected from frost for at least 36 months from production date.

SAFETY DIRECTIONS

The product needs no hazard labeling, based on current European and national legislation. However, it is recommended to keep away from the reach of children. If swallowed, seek medical advice and show the container or label.

PACKAGING

Carton box with 18 pcs. of 750ml each one
5lt, 20lt containers
